The letter stated there will be three sponsor levels again this year: Gold for sponsors donating \$250 or more; Silver for donations between \$100 and \$250; and White for sponsors of \$100 or less. Councilman Raymer made a motion to donate \$250 for the cancer walk this year. Councilman Wilcoxson seconded and the motion carried unanimously.

Mayor Glode read a letter from the Chamber of Commerce requesting permission to reserve Veteran's Island for the 23rd Annual Steinley cup Microbrew Festival to be held on August 18, 2018. They would request permission to use Kathy Glode Park if the Island is unavailable because of flood damage this spring.

ITEMS FROM THE PUBLIC: Irene Archibald, Chairman of the Carbon County 2009 Specific Purpose Tax Joint Powers Board, addressed the council on behalf of the Specific Purpose Tax Joint Powers Board. Ms. Archibald is visiting councils explaining the SPT board's plan to pay off the 6th penny tax bonds by May 1, 2018. This will take action and approval of all participating municipalities indicating that they are in agreement with that decision.

The 6th penny tax went into effect April 1, 2009 and the specific purpose tax has collected enough to allow the SPT Board to consider paying off the bonds at this time.

At the March 2018 meeting, the government entities attending the meeting voted to encourage the town councils and county commissioners to pay off the bonds and stop the tax. However, because Hanna and Dixon did not bond for their projects, they therefore had not received all of their project funds because they were not eligible for the tax rebate the bonding entities were eligible for. The council was provided with 3 scenarios to consider that would allow for Hanna and Dixon to receive their tax distributions to cover their remaining project funds. With two of the scenarios, the bonding entities would forgo their tax distribution that would go to Hanna and Dixon, or they could choose to continue the tax until Hanna and Dixon were paid in full using their allocated distributions. All of the entities would receive their distributions regardless of the scenario chosen. The council reviewed the information provided and following a discussion and understanding the pros and cons of each scenario, the council would rather approve Scenario One, which would stop the tax sooner and would provide for less interest being paid by the entities.

The council agreed that Councilman Raymer would attend the upcoming special meeting of the Specific Purpose Tax Joint Powers Board as a voting delegate. Discussion followed.

Councilman Raymer made a motion to approve Scenario One to pay off the bonds and stop the tax as early as October 2018. Councilman Wilcoxson seconded and a discussion followed. The motion was amended to allow Councilman Raymer to be flexible on the recommendation and to vote with the majority attending the Specific Purpose Tax Joint Powers Board special meeting. The question was called and the motion carried. Councilman Faust stated a conflict and abstained from voting.

COUNCIL COMMENTS: Mayor Glode and the council discussed the schedule for budget workshops and will be holding a workshop for all departments on Monday April 23rd at 5:30 p.m.

Councilman Faust thanked everyone that volunteered to help with the mill fire, expressing the council's appreciation to all firemen from all surrounding towns and agencies, volunteers, first responders, people that donated food and water, police and town personnel.

Richard Hodges addressed the council with questions about the town's authority to make sure that all businesses within the town limits are operating under safe conditions and that the safety of the town's utility services is reviewed and monitored at all times.
