Director Winter reported the following:

The water and sewer JPB approved recommending an increase in the sewer rates following the completion of the lagoon improvement project. The increase approval was part of the loan agreement with SLIB to offset the repayment cost of the loan payments until the loan is paid in full. The suggested increase in sewer rates will be \$4.52 and does not include the annual 3% increase set by ordinance. Councilman Raymer made

a motion to approve the proposed sewer rate increase of \$4.52 per month to help offset the lagoon improvement loan repayment cost. Councilman Faust seconded and the motion carried.

Discussion followed: Councilman Raymer thanked the Planning Commission for their diligence in moving forward with Ordinance #848 following the passage of Ordinance #847 which will tie together Mobile Home parks (847) and Recreational Vehicle Parks (848).

Councilman Wilcoxson stated that he didn't think the ordinance needed to be pushed through so quickly. He noted that he thought it would be appropriate for the incoming council to be able to review the ordinance before final passage. He noted as before, that he did not like the implications of the following:

18-58-060 (E. & F.) seems vague and will be hard to enforce. Enforcement will be difficult and unfair much the same as nuisance ordinance issues which are hard to enforce

Requirements for rest room and shower facilities

Planning Commission Chairman Jon Nelson reviewed the ordinance as

it addresses restroom and shower facility issues and noted that it only applies to dependant not independent users.
