## REPORTS FROM BOARDS AND COMMISSIONS

**Airport Board:** David Worthington and Tasha Worthington addressed the council with concerns and suggestions for dealing with issues related to the Saratoga Airport Board. No action taken.

John (Andy) VanTol addressed the council with similar questions about the authority of the Airport Board as well as proposed changes to the minimum standards. No action taken

The next Airport Board meeting is on March 13, 2019 at 1 p.m.

**HealthCare:** Councilwoman Welton discussed the Platte Valley Clinic's lease agreement and voiced her concerns that HMS had signed the lease beginning November 2018 and has not yet paid their monthly lease payments, nor have they provided two mid-level providers as indicated in the lease agreement.

Discussion followed and it was noted that prior Councilman Will Faust has stated that the former council had waived the lease payments as long as they were paying the providers. Following were comments noting the discussion about the waiver of lease payments. However, the approval of such an agreement was never made know to the present council.

**Community Center Joint Powers Board:** Councilwoman Welton noted that the Community Center Joint Powers Board met on February 11th and discussed upcoming events including a possible concert on August 29th and the annual fundraiser to be held on September 6, 2019.

The next meeting will be held on Monday, March 11, 2019 at 4:30 p.m.

**Water and Sewer Joint Powers Board:** Councilman Nelson reported that the annexation of the forest service property was never completed. The planning commission and the joint powers board have reviewed the annexation and both have made recommendations to the council to not proceed with the annexation, but to move forward with an MOU or Service Agreement.

Attorney Tom Thompson cautioned the council that when adopting an agreement, there is a Wyoming State Statute that references rates for out of town users and that will need to be addressed as they move forward.

When looking at out of town users, rate increases are not an option, but they will look at identifying where users are not paying their fair share and reference those rates when setting out of town user rates.

The next meeting will be held on Wednesday, March 13, 2019 at 6:00 p.m.

**Landfill Board:** The council discussed ways to clean up and maintain the dumpster and trash can areas due to the excessive use by individuals that do not want to take their trash to the landfill.

It was noted that a letter had been written to the Landfill Board inviting Mr. Raymer to the council meet-

ing, however, the invitation was declined.

The next Landfill Board meeting will be held at 7:00 p.m. on March 6, 2019 in Encampment.

**Planning Commission:** Councilman Keel noted that the Planning Commission had tabled any action on the proposed County MOU until additional information was available for their review.

Attorney Tom Thompson addressed his concerns about the Town entering into an MOU with Carbon County as follows:

It is the intent of the MOU to have building permits provided by the town

When the one mile buffer zone was established, the county abnegated it's authority over to the town, which included the Old Baldy Club property

The town then started doing building inspections and issuing permits

If that authority has not been concede to the town within the one mile buffer zone

By what authority does the town issue building permits and enforce municipal codes outside of the municipal limits

It's a good thing by the town doing, there are buildings that are in compliance with ordinances with the adopted building codes

There is a revenue benefit to the town, but what protects the town when trying to make homeowners outside the town limits comply with international building codes

If the County has not adopted building codes, then the County does not have building codes. No one to offer permits or inspections and no resolution that requires compliance with building codes

If the town is to enforce Ordinances, the town needs authority to do so

Councilwoman Welton noted that any building done at Old Baldy has been permitted and inspected by the town. It will be a loss of revenue by the town, but it also leaves contractors without oversight.

Commissioner Sue Jones noted:

The MOU would allow the town to do the inspections they have always done for both planning and zoning. There are no building permits for the county and no compliance with building codes and inspections

The county does not give away their authority, there is a public process to go through to make decisions

There will be a little bit of overlay from the county

They are still the authority

They are the still in charge

They are just allowing the town to do what they have always done

The town keeps the revenue and do inspections as they want

The permits must go to the county for approval, but the town has the "authority" to review those building permits

The county only approves building permits to be issued by the town, they have no building codes except for fire codes

As noted by town counsel, the County cannot give the authority to the town to issue building permits that can only be done by State Statute as it was permitted in the past.

# Public Notices ... Continued from page 10

Councilman Keel will take information back to the Planning Commission and report back to the council.

The Planning Commission discussed the annexation of the forest service property and they agreed that the annexation had a timetable that has expired and they will defer to the JPB on the decision. Also discussed was the FCC Wireless Ordinance that could be used for future development and the PC would continue to address the possibilities of adopting it as an ordinance.

The next Planning Commission meeting will be on Tuesday, March 12, 2019 at 5:30 p.m.

**EXECUTIVE SESSION:** Councilwoman Welton made a motion to move into executive session at 8:36 p.m. to consider information considered confidential by law, in accordance with W. S. 16-4-405(a) (ii) and (iii). Councilman Wilcoxson seconded and the motion carried unanimously.

Councilman Wilcoxson made a motion to move out of executive session at 8:45 p.m. Councilwoman Welton seconded and the motion carried unanimously.

Councilwoman Welton made a motion to approve the minutes from the executive session and to put the minutes of the executive session in a sealed envelope in accordance with State Statute 16-4-405(b). Councilman Nelson seconded and the motion carried unanimously.

Mayor Zeiger reported that no action was taken.

**Adjournment:** Being no further business to come before the meeting, Councilwoman Welton made a motion to adjourn. Councilman Keel seconded and the meeting was adjourned at 8:52 p.m.

The next regular meeting of the Saratoga Town Council will be held on March 5, 2019 at 6:00 p.m. in the Council Chambers of the Saratoga Town Hall.
