The Origin of Landscape—Wyoming's Cultural Geology Guide, a new map of Wyoming produced by the Wyoming State Geological Survey.

New Wyoming guide explores culture through a geology lens

Staff Report

From the Oregon Trail to Paleo-Indian red ochre mines, Wyoming has many sites where culture and geology merge and stories unfold. The Wyoming State Geological Survey (WSGS) has released a new "intelligent travel" program, which includes a free driving map, videos, and interactive website.

The Origin of Landscape: A Guide to Wyoming's Cultural Geology allows users to see and virtually explore the nexus between geological phenomena, landscape, and cultural beginnings.

"Geology forms the basis

for the cultural use of our natural resources," says Wayne Sutherland, WSGS gemstones and minerals geologist. "Human interaction and adaptation to Wyoming's geology and its related landscapes goes back to our earliest cultural beginnings and will continue to do so in the future."

The website portal for Wyoming's Cultural Geology Guide includes a state map for users to click on a tour to access all sorts of information about that site, including a short video, feature story, and photos. Expert guides are on location discussing the cultural

and geological significance of each site featured on the tour.

"Geology is technical by nature but through this program and the stories about how geology has contributed to our cultural identity, the public can gain a much greater understanding of the complex interactions between humans and our geologic past and present," says Julie Francis, archeologist with the Wyoming Department of Transportation.

The Origin of Landscape: A Guide to Wyoming's Cultural Geology includes the following tour stops through 16 videos:

Yellowstone Region The Flight of the Nez Perce

The Beartooth Plateau Up and Over the Top of the World

Yellowstone Archaeology American Indians of Yellowstone – Complex Relationships

Pumpkin Buttes Uranium Fever

Hartville Uplift Red Ochre and Clovis

The Sunrise Iron Mine and Hartville,

Wyoming's oldest town Spanish Diggings

Como Bluff and "the Bone Wars"

Vedauwoo Recreation Area

Great Divide Basin

Did you know you cross the Continental Divide twice?
