

**CARBON COUNTY NOTICE TO APPROPRIATORS OF WATER**

Public notice is hereby given that the following listed water users have completed the requirements of proof of appropriation and beneficial use of ground water for the following wells approved by the State Engineer. Pursuant to Section 41-4-511, Wyoming Statutes, 1977, the below listed proofs of

appropriation will be held open for public inspection from 9:00 a.m. until 4:00 p.m. during April 21 through April 25, 2014, at the following location(s): 1. State Engineer's Office, Herschler Building, Cheyenne, Wyoming. 2. Office of the Division Superintendent, 510 West 27th, Torrington, Wyoming. As allowed

by Section 41-4-312, any person claiming a water right interest in the same sources of supply to which the below advertised proofs refer may inform the Water Division Superintendent of his desire to contest the rights of the person or persons seeking adjudication. The statement of contest shall be presented with-

in fifteen days after the closing of the public inspection and shall state with reasonable certainty the grounds of the contest. The statement must be verified by the sworn affidavit of the contestant, his agent or attorney. If no contest is initiated, the advertised proofs will be submitted to the State Board of Control for

consideration during its meeting beginning on May 12, 2014 with the Division Superintendent's recommendation that certificates of appropriation be issued.

BRIAN PUGSLEY,  
SUPERINTENDENT,  
WATER DIVISION ONE

**LEGAL NOTICES**

**PROPOSED DISCHARGE OF DREDGED OR FILL MATERIAL TO WETLANDS ALONG THE NORTH PLATTE RIVER**

The Wyoming Department of Environmental Quality (WDEQ) has received a request from ERO Resources Corporation on behalf of The Overland Trail Cattle Company, LLC for State certification of U.S. Army Corps of Engineers Nationwide Permit #25, for discharge of dredged or fill material into wetlands adjacent to the North Platte River near Saratoga, Wyoming. The purpose of the project is to install piers as supports for an observation deck at Riverbend Lodge. This segment of the North Platte River and adjacent wetlands are designated Class 1. Point source discharges to Class 1 waters are prohibited except for storm water and construction related discharges. This certification will require meeting the provisions in Chapter 1, Section 7(b) of the WDEQ Water Quality Rules and Regulations, which allows

these discharges under certain circumstances. Proposed activities include drilling six 24-inch diameter holes approximately 40 inches deep in a wetland adjacent to the North Platte River. Approximately 0.4 cubic yards (CY) of concrete would be used for the pier supports. The maximum area of disturbance would be 600 square-feet.

Requests for information about the proposed water quality certification should be directed to Eric Hargett by email (eric.hargett@wyo.gov) or phone (307-777-6701). Comments must be addressed to Eric Hargett, Wyoming DEQ/WQD, Herschler Building, 122 W. 25th Street, Cheyenne, WY, 82002, and be postmarked on or before 5:00 p.m. on April 15, 2014 to be considered. Phone or email comments will not be accepted.
