ITEMS FROM THE PUBLIC:

REPORTS FROM DEPARTMENTS:

Town Hall: Councilman Wilcoxson brought Ordinance 9.20.050, (Disturbing neighborhood at certain hours) before the council for review asking that the council consider changes to the ordinance to allow light industrial and heavy industrial areas a little more leniency than residential areas.

Councilman Wilcoxson read Ordinance 9.20.050 which states: No person shall between the hours of ten p.m. and seven a.m. maliciously or willfully disturb the peace and quiet of any neighborhood or family within the town limits by loud or unusual noises or by tumultuous or offensive carriage, threatening, quarreling, challenging to fight or fighting. (Ord. 802, 2011; prior code § 14-8)

Councilman Wilcoxson asked the council to consider making changes to the ordinance as it pertains to Light and/or Heavy Industrial areas. He believes that the ordinance currently does not allow for someone to operate a business in those areas without possible complaints being made for after hour operation of those businesses. Discussion followed and the council decided to take the request under consideration and address the ordinance at a later date.

Mayor Zeiger asked Clerk Suzie Cox to contact WAM and see if there are any other communities that have changed their ordinances to address these issues and town attorney Tom Thompson was directed to review the ordinance for possible changes.

Fire Department: Chuck Bartlett reported that the ISO report had been received and the town's fire department's ISO analysis for fire suppression services and the PPC classification went from a six to a four. Mr. Bartlett encouraged homeowners to contact their insurance providers to see if they can make adjustments to reduce their insurance premiums due to this new classification.

Police Department: Mayor Zeiger read a letter from Homeland Security notifying the town council of the police department

grant award from the U.S. Department of Homeland Security, State Homeland Security Grant Program for FFY 2014 in the amount of \$5,888.31. The FY 2014 HSGP support core capabilities across the five mission areas of Prevention, Protection, Mitigation, Response, and Recovery based on allowable costs.

Recreation Department: Director Lisa Burton provided an October calendar of events for the recreation department.

Department of Public Works:

Street Department: Chuck Bartlett reported that the town crews have installed the footings for the abutments for the bridge across Spring Creek and the hot pool.

Chuck Bartlett reported that he had been in contact with WYDOT concerning the bids for the river walkway bridge and after reviewing the information provided WYDOT approved moving forward with the installation of the bridge without putting the project out for bid since the new cost estimate is below the amount necessary for bid.

Mr. Bartlett reported that he had received an estimate for the installation from Mountain Crane and the estimate came in under \$35,000 and therefore no bid was necessary. The crane will be moved here from Sinclair and the bridge will be installed by this weekend.

Water & Sewer: Mayor Zeiger read the amended Ordinance 828, An Ordinance Amending In Part, Section 13.40.030 of the Town of Saratoga Municipal Code Concerning Monthly Service Charge for Sewer Service on second reading.

The council reviewed the Ordinance which had been changed to address each apartment building and trailer court addressing each unit as a separate residence to be treated the same as residential home for sewer use. The council discussed these changes and will pass the Ordinance back to the Water and Sewer Joint Powers Board for review before it is approved on third and final reading.

Councilman Wilcoxson made a motion to approve the amended Ordinance 828 on second reading and return it to the joint

powers board for review of the ordinance and the sewer rate increase and return it to the council for approval on third and final reading. Seconded by Councilwoman Welton the motion carried unanimously.
