MINUTES OF A REGULAR MEETING OF THE SARATOGA TOWN COUNCIL HELD FEBRUARY 3, 2014, AT 6:00 P.M. IN THE COUNCIL CHAMBERS OF THE SARATOGA TOWN HALL

Mayor Ed Glode called the meeting to order. The Pledge of Allegiance was recited. Members present were Councilman Will Faust, Councilwoman Judy Welton, Councilwoman Susan Howe and Councilman Richard Raymer.

APPROVAL OF AGENDA: Mayor Glode amended the Agenda to correct the time of the Airport Board Meeting.

Councilwoman Welton made a motion to approve the agenda as amended. Councilman Raymer seconded and the motion carried unanimously.

APPROVAL OF THE MINUTES: Councilman Raymer made a motion to approve the minutes of the January 20, 2015 meeting as presented. Councilman Faust seconded and the motion carried unanimously.

APPROVAL OF THE BILLS: Councilwoman Welton read

the following bills for approval: Accounts Payable: \$68,107.21; Payroll and FICA for 1/26/15 in the amount of \$60,956.68; and manual checks in the amount of \$52,663.51, for a total of \$181,727.40.

Councilman Faust made a motion to pay the Prairie Dog Electric bill in the amount of \$303.37. Councilwoman Welton seconded and the motion carried. Councilwoman Howe declared a conflict and abstained.

Councilwoman Welton made a motion to pay the remaining bills in the amount of \$181,420.73. Councilwoman Howe seconded and the motion passed unanimously.

CORRESPONDENCE: Mayor Glode stated there were three letters dealing with membership renewals and began with the 2015 Chamber Membership renewal. Chamber Board Member Ty Trevelyan addressed the council and stated that he would like to see the town expand their membership with the Chamber and become Hometown Hero-Champion paying a membership of \$3,250.00. Mr. Trevelyan stated that he does not think that the town does much to promote itself and he believes that with this membership the town would have better access to all of the advantages that the Champion membership would include. He reviewed the membership and the fact that using the chamber web page and utilizing what the chamber has to offer puts everyone on the same page instead of going in different directions. Mayor Glode thanked Mr. Trevelyan for his presentation and agreed that it would be a good fit for the town and noted that he had put himself in the position of ex-officio on the chamber board.

Discussion followed and Councilman Raymer added that if the funding is available it would probably be something to consider. Councilwoman Welton agreed and included that this may not be in the current budget and it might be something to include in the budget for the upcoming year. Clerk Cox noted that the town provides many things as in kind services including providing water, lawn care and outside maintenance, lights for the parking lot, snowplowing, etc. Clerk Cox added that the town hall budget does have a line item budgeted for these expenses if the council so chooses and the expenditure is in the budget, but not always available in the bank.

After some discussion, the council will again address the chamber membership at the February 17th meeting.

Mayor Glode reported that a letter was received from Virginia Parker, Museum Director which included a calendar of events for 2015 and a membership renewal.

Lynda Healey, a volunteer for the museum addressed the council explaining some events of the museum and then added that there would be a Wine Tasting at the Community Center on Friday, February 6, 2015 from 6:00 p.m. to 9:00 p.m., Ms. Healey encouraged the public to attend.

After some discussion, and knowing that the town currently provides water and lawn care to the Museum at no cost and maintenance support when necessary the council, was in favor of the Business rate of Seventy-Five Dollars.

Councilman Faust made a motion to renew the Town of Saratoga membership in the amount of \$75.00 as a Business renewal. Councilman Raymer seconded and the motion carried unanimously.

Mayor Glode read a letter from the Platte Valley Arts Council thanking the governing body of the Town of Saratoga for their membership renewal, assistance and continued support of the Arts Council.

ITEMS FROM THE PUBLIC: Gary Widemshek addressed the council with his concerns of the number of trucks that are passing over the Bridge Street Bridge on a daily basis. The trucks are not using the truck route and there does not seem to be any enforcement to change the use of Bridge Street for them to go to the saw mill. Chief Knickerbocker stated that his officers are working on a number of cases but he has talked to his officers about addressing this issue and citing the trucks for failing to use the truck route. Chief Knickerbocker added that he has issued a number of citations for truck route violations when using the downtown streets. Chief Knickerbocker assured the council that his officers will be paying better attention to address these concerns.

Todd Hughes interjected with his plans to put in a small truck stop or convenience store that would help divert truck traffic from Bridge Street back to Chatterton and State Street where he would be located.

Discussion followed and the town will be looking at placing more signs to notify the drivers of the appropriate truck route.

He was now requesting permission to amend the proposed schedule for officers and explained that the amended schedule would go back to twelve hour shifts for the officers and the back-up policy would remain the same as has been used in the past.

Councilwoman Welton asked if the twelve hour shifts would create an overtime issue as in the past and Chief Knickerbocker assured the council that there would not be overtime issues. Officer Chitwood would begin training with Chief Knickerbocker.

Currently the town is trucking water to irrigate the trees at the lake, for cleaning and maintaining the rest rooms and a new well would provide potable water for campers at the lake.

Mayor Glode reported that he and Councilwoman Welton had a meeting with Tom Rodeno to discuss the Tyler Pickett Park project. Mayor Glode stated that there is more than one design that will be looked at and considered as the project is moved forward.

Hot Pool: Chuck Bartlett reported that with the power brown outs we have been having the small pump that takes care of the sidewalk heating burned out and was replaced.

River Project: Chuck Bartlett reported that in preparation for the river project we are looking at both long term and short term issues. For the long term, letters were sent out to the river committee to set up a meeting in the next two weeks to discuss schedules and funding. For the Short term Mr. Bartlett is looking at permitting and getting estimates on removing some of the rock from the river. They have been out surveying and it looks like 1900 to 2000 yards of material will need to be removed to get down to the water line.

Master Plan Steering Committee:

Chuck Bartlett also reported that he had received two proposals for a LiDAR system which were provided for the council's review. The project should start by late March to early April before the trees begin budding. Mr. Bartlett expanded on the importance of the system which includes getting a reliable flood map, it will be within two-tenths accuracy on the paved areas and that can be used for design work and development throughout town. INSURANCE *Health Care & Tax Returns*

Do you know how your 2014 taxes will be affected by the new tax rules that accompany the Affordable Care Act? The Wyoming Department of Insurance wants to give you an overview of some of the changes.

Remember, the DOI doesn't oversee taxes, so you'll want to consult with your insurance agent or tax advisor for specific information. But here are some things to keep in mind:

- Most people – about 75 percent – will just have to check a box on their tax return indicating they had health insurance coverage in 2014.
- People covered with insurance from the Marketplace or Exchange will receive a Form 1095A showing how much they received in financial assistance or subsidies.
- People who did not obtain coverage in 2014 will have additional steps to complete their tax returns and may have to pay a tax penalty or fee. However, people who could not afford insurance or couldn't get coverage for some other reason may seek an exemption.
- Millions of Americans covered through the Marketplace in 2014 received advance payments of the premium tax credit, which will be reported on the Form 1095A. That information will be used to complete a Form 8962 for your 2014 tax return to either claim the premium tax

credit or report benefits already received.

- Form 1095-A and Form 8962 are being mailed to consumers.
- Health and Human Services (HHS) and Department of Internal Review (IRS) will launch additional resources to help consumers. General resources can be found at www.IRS.gov/ACA or <https://www.healthcare.gov/taxes/>. A sampling of some available resources include:

- IRS: Health Care Law: What's New for Individuals & Families
- HHS: 3 Tips About Marketplace Coverage and Your Taxes
- HHS: No Health Coverage? What That Means for Your Taxes

Undoubtedly consumers will have questions about this new tax process. HHS and IRS are committed to providing the information and tools that tax filers need to understand the new requirements and will work with other groups to provide consumers with the information they need to prepare to file their 2014 taxes.

Wyomingites are reminded that the IRS handles tax matters, not the DOI. If you have questions about tax forms and filings, you should contact your tax consultant or the IRS. Please contact your insurance agent with questions about your health care coverage and insurance plans.
